EXECUTIVE SUMMARY

Strategy and Transformation leader with more than 18 years of experience in strategic planning, corporate transformation and leadership of complex projects.

Career developed in global companies (Procter & Gamble, Monsanto and Bayer) and in a large Brazilian industrial group (Zilor/Biorigin), with experience across consumer goods (FMCG), agribusiness, bioenergy and food.

Combines a strong engineering and operations foundation with corporate experience in strategy, ERM, PMO, governance, post-merger integration, ESG and innovation, with international exposure and direct interaction with C-level executives and the Board of Directors.

SELECTED STRATEGIC IMPACT

- Led a R\$600MM M&A from feasibility through post-merger integration (PMI) governance, across more than 20 workstreams
- Built the Enterprise Risk Management function (COSO ERM) from the ground up, institutionalizing Board-level reporting governance
- Structured the corporate Strategic Planning, Sustainability and Innovation functions
- Implemented a corporate PMO connecting strategy, capital allocation and performance monitoring
- Led sustainable finance programs including a R\$300MM Green Bond issuance and approval in IFC due diligence
- Increased industrial reliability (OEE) from 73% to 88%, a global benchmark, with savings above US\$2.2MM
- Delivered more than 50 international projects across 15 countries, including an on-site industrial start-up in Pakistan
- Tied ESG targets to the variable compensation of the CEO and other C-level executives, cascading targets to 100% of leadership
- Led the maturity evolution of the Sustainability Program, making the company the first in agribusiness to achieve formal alignment with ABNT PR 2030
